

To whom it may concern;

I am very grateful to have had the opportunity of working with Cristobal, he showed a great knowledge not only from a specific SEO perspective but from a general understanding of development, system administration and more.

The couple projects we worked together, Cristobal always surpassed the expectations and his responsibilities, as he was always eager to help and teach others about the best practices and technical techniques that could be used to get the desired results.

I have no doubt that Cristobal is not only a great professional but also a great person. I highly recommend him because I know his knowledge and capacity.

Sincerely,

ALBERTO SAGASTEGUI

Scrum Master.
